Celebrating the 150th anniversary of the PS CHINA, the Belvedere-Tiburon Landmarks invites all Trans-Pacific travelers to the Far East aboard the Pacific Mail Steamship CHINA. The PS CHINA was launched in New York in 1866 to service the Pacific mail route from San Francisco to Japan & China. Its grand saloon, the China Cabin, is all that remains and it is in need of repair. Funds raised will pay for the repairs to the south wall.

The grand saloon is getting a huge birthday celebration on the evening of Saturday, October 8. We will recreate a passage to the orient that evening crossing the dateline, living the life of the first class passengers, tasting exotic foods, drinking at the Captain's table, and strolling the deck. And be sure to bring someone special to be married by the Captain during the voyage! The China Cabin is a carefully restored gem and a beautiful place for a party.
